Review of the Active Membership Point System

As stated in the constitution, members of the GVSU Pre-Veterinary Club can choose to gain active membership in order to attend club funded events like the 2018 APVMA Symposium, and the Michigan Veterinary Conference. Article 4.1.2 states that an active member is defined as a member who obtains 4 points from the three categories (**Fundraising Activity, Volunteering, and attendance at club meetings**). Additionally, the 4 points must be obtained from at least two different categories.

- All points gained Fall semester will roll over to this semester.
- Active membership is not required to be a member of the club. If you pay dues and are a member on the Org Sync page you are considered a member of the club.
- If you decide to become a active member you have the advantage of participating in club funded events because you helped raise funds for those events (APVMA Symposium and the Michigan Veterinary Conference).

The Event and Fundraising Committees

Being involved in either or both of the committees is a great way to get a feel for what an executive board position entails especially if you are considering running for a position. If you are unable to attend meetings you are certainly still able to be apart of these committees! Please consider filling out an application and share your ideas with us!

The Fundraising Committee

Committee Chair: Ashley DeWitt
dewittak@mail.gvsu.edu

As a member of this committee, you will assist the club treasurer with current fundraisers, create new fundraisers, and advertise them to club members and the public.

The Event Committee

Committee Chair: Krissy Shoup
shoupk@mail.gvsu.edu

As a member of the Event Committee, you will help the Events Coordinator with setting up club volunteering events and advertising those events to club members to insure member involvement.
