## Résumé Building and Interview Informational Meeting

by: Alyssa DeWitt  
GVSU Pre-Vet Club Secretary

Your Public Relations Officer Ilissa Chasnick presented an informational meeting about résumés and interviews! Her presentation and additional links to the Grand Valley Career Center Resources are up on the club website for convenience and future reference. I have included the most important information in the meeting minutes so please reference to the PowerPoint on the website under the resources tab to view all the information presented.

## Featured Pet

Pictured on this week's meeting minutes is Pre-Vet Club Member Phoebe Banning's dog, Toby!!

Next Meeting: Monday January 29th

# Résumé Infomation

## Tips:

- Recommended to keep your resume to one page, but it is still acceptable to have two pages
- GVSU Career Center recommends to take off your high school experiences once you are an upperclassman
- Resumes are great to bring to shadowing veterinarians
- Use a PROFESSIONAL email address

## What to include?

### Header

- Name, address, phone number, email

### Education

- Major, minor (if applicable), expected graduation date

### Proficiencies

- Computer programs

### Field Experience

- This would include hands on experience such as internships or research.

### Professional Development

- List conferences, leadership, clubs, leadership positions

### Presentations/Publications (if applicable)

### Awards and honors

A resume should be an easy to read summary of your most important accomplishments and what would set you apart from others.

# Interview Information

## Tips:

- First 30 second impression is KEY
  - Practice a nice firm handshake
  - Dress to impress (nice skirt, suit)
- YouTube videos for practice scenarios (Multiple-Mini Interview)
- Practice talking in front of a mirror or family and friends so they can give you advice on eye contact and how you present yourself.

## Types of Interviews

### Multiple-mini

- 6 rooms
- 6 scenarios on each door
- 6 minutes to respond

### Panel interviews

- interviewed by multiple people in one room

### Blind interview

- interviewer knows nothing about you

### Open interview

- interviewer knows a little about you and has reviewed your application

## THE HARD QUESTION

“So tell me about yourself”

- Don't spend more than 2 minutes answering this question
- Look at the question as an “elevator pitch”, you only have a short amount of time to tell them about yourself and give them information that they would want to ask you about later in the interview.

-Include personal history, education, experience, personal qualities

**GRAND VALLEY STATE UNIVERSITY**

**The Department of Biomedical Sciences Seminar Series**

**(Co-Hosted by Anthropology, Biology and Psychology)**

## **Dr. Lydia Hopper**

Lincoln Park Zoo

Lester E. Fisher Center for the Study and Conservation of Apes
